

DEATHS AND THE VISITS OF COMETS

Many Prominent Rulers Have Died When Comets Were Seen.

London, Eng., May 28.—The fact of king Edward's death happening while Halley's comet was approaching the earth has naturally been seized upon by dabblers in "occult science" as a fresh argument in favor of the theory of heavenly portents.

Much has been said regarding the supposed malign influence of Halley's comet, but Encke's comet, which appears at much shorter intervals, has also a remarkably sinister record in postulating the death of kings and other great personages. Here is the list:

1819—Death of George III. in 1820.

Death of the duke of Kent, 1820.

1828—Death of William IV. in 1837.

1878—Death of princess Alice, 1878.

1891—Death of the duke of Clarence, 1892.

1901—Death of queen Victoria, 1901.

Outside of the British royal family the following deaths are associated with Encke's comet:

1786—Frederick the Great.

1791—Napoleon.

1812—Assassination of premier Perceval.

1851—Duke of Wellington.

1878—Victor Emmanuel, king of Italy.

1882—Lord Beaconsfield and Thomas Carlyle.

1885—General Gordon killed at Khartoum.

1888—Emperors William I and Frederick of Germany.

1918—Gladstone and Bismarck.

BISBEE MINER STRUCK BY DESCENDING CAGE

Arizona University Professor Dies in California; Moonlight Golf Match Played at Country Club.

Bisbee, Ariz., May 28.—While working in the shaft of the Benn mine, William Jones was struck by a descending cage, and his shoulders were seriously injured. He was taken to the Calumet & Arizona hospital.

Francisco Rotundo had his left arm burned by the sudden explosion of an all lamp he was carrying in his room.

Word has been received that William P. Blake, professor of geology at the University of Arizona, died of pneumonia after a short illness at Berkeley, where he had gone to attend the golden jubilee of the University of California.

A big fire broke out on the hillside on Main street and the dry grass along the hill kept the fire alive for several hours. No damage was done.

Frank Totodu, a Slavonian, who had become despondent, being unable to find work, has been sent back to his home by a number of his countrymen who advanced money to pay his traveling expenses.

The soldiers will not come to Bisbee for the Fourth of July celebration, owing to a previous engagement to participate in the celebration at Wilcox.

Robert Oden Smith, who will be here today to give an entertainment at the Y. W. C. A. has announced that he will also speak to the children of Bisbee.

Isaac Kendall of New York, who has been in Bisbee during the last few days, is a representative of a group of capitalists who propose to build some cigar factories in the southwest.

DR. ROSE IS DEMOCRATIC COMMITTEEMAN AT DEL RIO

Del Rio, Texas, May 28.—The first signs, locally of the campaign now being waged throughout the state, came here when Dr. P. M. Rose was appointed chairman of the Democratic executive committee, for Val Verde county and is a blow to the business interests which have endeavored to keep politics and the campaign in the background this year.

An effort is being made to make the Democratic primary a white man's primary and to do away with the Mexican vote that has been by those prepared to handle it. In many past campaigns the Mexican vote here has been the dominating influence.

EXCERPTA VICTIM GAVE UP HOPE

After Suffering a Year with Raw, Watery Humor on Hands and Face—Prescriptions Did Not Do a Bit of Good—Scratched Till Blood Came and Had to Quit Work.

COMpletely CURED BY CUTICURA REMEDIES

"I suffered with eczema for one year and had two of the best doctors in town, but their medicine did not help me. First of all there were small white pimples on my left hand and I had to scratch until the blood came. Then they would puff up and water would run out. Wherever the water would run there would be more pimples until my whole left hand was a mass of sores. Then my other hand became affected and they were like a piece of raw meat. Then it came on my face, neck and under my right arm so that I was unable to raise my arm for three weeks. It became so bad that I was obliged to give up work. "About four months ago I started to doctor and the doctor told me it was eczema. So he told me to get ointment and soap. I used them for a month and they didn't do me one bit of good so I tried another doctor. He gave me three different kinds of medicines, but I was very much put out when these remedies did not help me. I was unable to sleep at night and I gave up all hope until I decided to try the Cuticura Remedies. I used two cakes of Cuticura Soap, two boxes of Cuticura Ointment and three bottles of Cuticura Resolvent and I am glad to say I am cured. Miss Nora Schulz, 242 North Third St., Reading, Pa., Jan. 4 and 7, 1909."

AMUSEMENTS.

GOOD AIRBORNE SHOW.

The performance by the Ollie Mack company at the Airborne is well worth seeing. The company has rubbed salt in the rough spots and everything is working very smoothly. The girls are singing in good voice and the chorus is working in unison and with spirit. There was plenty of applause last evening by the audience at the Airborne and nothing but good words were heard for the show. Tonight is the last performance of the present bill. Sunday night the company will change to "Shoot the Chutes," another one of the Murray and Mack successes. The company has been rehearsing the new bill all week and, with additional members to the cast, the new bill ought to make even better performance than the present offering.

TALKING PICTURES.

Albeman's talking pictures continue to draw good audiences at the Majestic. This novelty is quite attractive. Two performances are given nightly—7:20 and 9:20—and the admission is 10 and 20 cents.

NATATORIUM OPENS AT PARK.

The natatorium at Washington electric park is open again, and, with a boiler to heat the water to a proper temperature, swimming should be a pleasure. The other features at the park are also operating and it is a pleasant place to spend Saturday or Sunday evening, also for a picnic or a visit any time.

AT THE HAPPY HOUR.

The Jeffries-Johnson fight pictures continue to prove a drawing card at the Happy Hour theater, but after tonight and Sunday night, patrons will be unable to see them. The pictures show Johnson at his best and Jeffries in his fight which made him the champion. The Colonial Slingers are proving something out of the ordinary and the management is "those who enjoy a good singing act should not fail to see this show tonight and tomorrow." There will be a complete change of program Monday night. The bill will include six acts.

The "big refrigerator plant" for the Happy Hour will be in working condition tomorrow and the management is confident that it will prove a great success and that during the hot summer months the Happy Hour will be a cool place.

SPECIAL FILM PART.

The Crystal "House of Mystery" is fast becoming known among the moving picture patrons as the "house of features." Two splendid films will be shown tonight. One is a Biograph story of the desert. The other is one of Pathé's most recent films d'art, "Othello," in which famous French actors appear. It is one of the special films of the year.

The Wigwag feature will be "The Cowboy's Devotion." The Shrine Parade at New Orleans will be shown Monday.

VERDICT OF GUILTY.

Carrizozo, N. M., May 28.—The trial of Senario Gutierrez of Corona which was tried in the district court resulted in a verdict of guilty by the jury. Gutierrez was indicted on a charge of rape and incest.

Elk Charm Of Dead El Pasoan

Found In Naples. Returned To El Paso Lodge By a Canadian

This is a story which shows that the world is not so large after all, and that the order of Elks makes it still smaller.

From Halifax, Nova Scotia, comes a telegram to the El Paso lodge of Elks, sent by Kirk Brown, member of a Pennsylvania lodge. The stranger states that he has a chain and charm found in Naples, Italy, and that on the diamond charm is engraved the initials,

"J. E. H." and the figures and words, "No. 137, El Paso, B. P. O. E."

"There is little question but that 'J. E. H.' and the figure and words, 'No. 137, El Paso, B. P. O. E.' are the initials and number of the local lodge who died in Berlin, Germany. Mr. House died in Berlin on an Italian tour, and evidently lost the chain. But how it came into the hands of an Elk sojourner in Canada is a mystery so far."

H. V. Ellis has wired Mr. Brown to mail the chain and charm to him, and it will be duly presented to the widow of the late El Pasoan.

\$3.50 Recipe Cures Weak Men—FREE

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excessive sexual drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help of medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest acting combination for the cure of debility, manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what I believe is the quickest acting restorative, up-building, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4043 Luck Building, Del Rio, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.
